

Clinical Hearing-Health Platform — Technology Licensing & Strategic Partnership

Audiso is an ENT professor-led digital health company from South Korea, building an integrated audiology ecosystem validated at **CES · KIMES · WCA 2026 Seoul**. We invite US/EU hearing OEMs, distributors, and digital-health platforms to explore **technology licensing**, co-development, and **M&A** opportunities.

COMPANY OVERVIEW

- Founded & led by **Prof. Young-joon Seo, M.D., Ph.D.** — ENT faculty, Yonsei University Wonju
- 20+ years university-hospital clinical data · evidence-based product design
- Korea's only **KOLAS-accredited audiometer laboratory (ISO/IEC 17025)**
- Full-stack pipeline: screening → matching → daily care → digital rehabilitation

FOUR-LAYER ECOSYSTEM

WithHear 2.0 AI kiosk · 3-min staff-free screening · ISO-aligned hearing data	Modoo Hearing Consumer & web hearing tests · data-driven center matching
Peacetop Triple Care Proprietary ear · vascular · nerve nutrition SKU	MindTone T Care SaMD-ready digital tinnitus & hearing rehabilitation

IP & LICENSING ASSETS

- **Hearing AI algorithms** — kiosk screening, age-matched norms, lead routing
- **SaMD rehabilitation modules** — structured sound therapy, home rehab protocols
- **Calibration authority** — ISO/IEC 17025 lab data & device validation pipeline
- **Consumer funnel IP** — app-based matching, referral CRM integration
- **Formulation IP** — Peacetop Triple Care clinical nutrition blend
- **White-label ready** — OEM integration, territory exclusivity, co-branding

MARKET VALIDATION

CES 2026	KIMES 2026	WCA 2026 Seoul
ISO/IEC 17025 KOLAS Lab	SaMD-Ready MindTone
